Dear Sanjay,

SAREGAMA of SALES – 10 hours training program over Webinar

It was indeed a great experience to attend your Sales Webinar and bring our entire Sales Team on one platform even in locked down conditions.

The key takeaway of the program was that there is a science of sales behind the art of selling. If we are able to structure a robust sales ecosystem we can further add to our success in Sales.

The experience of learning over webinar was very satisfying.

With best regards,

Yours truly,

Rajeev Velur
